Hi Gary,

It would be better to have EPA be the sole point of contact named in the letter, and to remove my info. Then if community members contact you all and have health concerns, you can refer them to us and we will be happy to speak with them. The best number to give them is: (b) (6) this is our program's main line, so they can reach one of our other team members if I happen to be unavailable.

Thanks!  
 Emily
